SUMMARY

Full-Stack Developer with over 5 years of professional experience in web application development, collaboration with design teams, and application optimization. Known for enhancing user engagement by refining client-side and server-side architecture. Proficient in a range of languages and frameworks with a passion for staying updated with the latest industry trends.

EXPERIENCE

Technical Leader (Contract/Freelance)
Reacteev ID ↗
04/2025 - Present

- Provided technical leadership by defining and implementing high-quality coding standards, ensuring the codebase remains maintainable, readable, and scalable.
- Directed technology strategy, including tech stack selection, adoption of development tools, and long-term architecture roadmap aligned with business objectives.
- Achieved 85%+ compliance with industry best practices across the codebase, improving maintainability and enabling efficient agile development cycles.
- Reduced feature delivery time from 2 weeks to 1 week by optimizing workflows, implementing CI/CD pipelines, and streamlining code review processes.
- Oversaw pull request (PR) quality control, maintaining over 90% approval standards, preventing potential bugs and security vulnerabilities before production release.

Fullstack Software Engineer
Feedloop AI ↗
10/2023 - Present

- Developed clean, maintainable, and high-quality code for both frontend and backend systems, ensuring long-term scalability and readability.
- Delivered features and custom solutions efficiently and accurately based on dynamic client requirements, consistently meeting tight deadlines.
- Actively contributed to problem-solving discussions by proposing actionable technical insights and innovative approaches to new challenges.
- Provided strategic input on user journey optimization by adopting a user-centric perspective, ensuring that UI/UX implementations were intuitive, accessible, and easy to use.

Fullstack Software Engineer
Genexis Project - Accenture x Feedloop
10/2023 - 04/2024

- Engineered a robust and user-friendly platform that bridges the gap between non-technical users and IoT professionals, enabling seamless integration of AWS IoT features into a single unified system.
- Wrote clean, maintainable, and high-quality code across the full stack to support scalability and long-term sustainability of the platform.
- Collaborated closely with cross-functional teams at Accenture to ensure the delivery of a high-quality, production-ready solution that met both technical and business requirements.
- Demonstrated adaptability sand quick learning in addressing new challenges and resolving issues rapidly to maintain development momentum and minimize project delays.

Fullstack Engineer
Fotolaku ↗
10/2022 - 10/2023

- Developed an engaging and responsive company profile website using ReactJS, Tailwind CSS, and Framer Motion,

delivering smooth, modern animations and a visually appealing user experience.
- Built a lead automation system that seamlessly collected prospects from Facebook Ads, utilizing Express.js and MongoDB, reducing manual effort and increasing lead acquisition efficiency.
- Engineered an internal enterprise application to streamline lead management workflows—from initial prospect capture to finalized deals—enabling better tracking, faster sales cycles, and improved team coordination.

Fullstack Engineer   08/2022 - 09/2022
Delipel - Tastynas ↗
- Designed and developed an engaging marketing website to enhance product awareness and drive customer interest in Delipel Tastynas' food offerings.
- Performed server maintenance and optimization tasks to ensure website stability, uptime, and smooth user access during marketing campaigns and peak traffic periods.

EDUCATION

Computer Science   08/2019 - 12/2023
Universitas Subang - Bachelor of Computer
GPA: 3.82/4.00

SKILLS

React.js	Expert	MongoDB	Advanced
Next.js	Advanced	PostgreSQL	Advanced
JavaScript	Expert	Rust	Basic
TailwindCSS	Advanced	Docker	Intermediate
CSS	Expert	Kubernetes	Intermediate
Node.js	Expert	Team Collaboration	Expert
Express.js	Advanced	Problem Solving	Expert
HTML	Expert	Continuous Learning	Expert
MySQL	Advanced		

LANGUAGES

Indonesia	Native	English	Intermediate
